## Tower deal hits snag

- VEON limited (NASDAQ: VEON), having controlling interest in PMCL (Jazz) in its official press release today (posted on veon.com) has notified regarding termination of its towers sale to Tanzanite Tower Limited (subsidiary of Edotco Pakistan, of which DAWH was acquiring 45% stake).
- The deadline for closure of deal was Sept 14, 2018. However, due to non receipt of regulatory approvals deal has been terminated, as per VEON announcements.
- As per our industry sources, there was not any financing/pricing related issue on this deal and has been subject to security concerns. However, upon clearance of security related issues, deal may materialize in future.
- In case, if deal does not materialize, we eye this as negative event for the company as DAWH was targeting IRR of ~23% on its Edotco's investment. While, surplus/idle cash (around ~Rs18bn) will hardly earn 8-10% return now by parking in T-bills or government securities, we believe.

# Analyst Certification and Disclosures

The research analyst(s), denoted by an “AC” on the cover of this report, primarily involved in the preparation of this report, certifies that (1) the views expressed in this report accurately reflect his/her personal views about all of the subject companies/securities/sectors and (2) no part of his/her compensation was, is or will be directly or indirectly related to the specific recommendations or views expressed in this report.

Furthermore, it is stated that the research analyst or its close relative have neither served as a director/officer in the past 3 years nor received any compensation from the subject company in the past 12 months.

Additionally, as per regulation 8(2)(i) of the Research Analyst Regulations, 2015, we currently do not have a financial interest in the securities of the subject company aggregating more than 1% of the value of the company.

## Rating System

Topline Securities employs three tier ratings system to rate a stock, as mentioned below, which is based upon the level of expected return for a specific stock. The rating is based on the following with time horizon of 12-months.

Rating	Expected Total Return
Buy	Stock will outperform the average total return of stocks in universe
Neutral	Stock will perform in line with the average total return of stocks in universe
Sell	Stock will underperform the average total return of stocks in universe

For sector rating, Topline Securities employs three tier ratings system, depending upon the sector’s proposed weight in the portfolio as compared to sector’s weight in KSE-100 Index:

Rating	Sector’s Proposed Weight in Portfolio
Over Weight	> Weight in KSE-100 Index
Market Weight	= Weight in KSE-100 Index
Under Weight	< Weight in KSE-100 Index

Ratings are updated daily to account for the latest developments in the economy/sector/company, changes in stock prices and changes in analyst’s assumptions or a combination of any of these factors.

## Valuation Methodology

To arrive at our 12-months Target Price, Topline Securities uses different valuation methods which include: 1). Present value methodology, 2). Multiplier methodology, and 3). Asset-based methodology.

## Research Dissemination Policy

Topline Securities endeavors to make all reasonable efforts to disseminate research to all eligible clients in a timely manner through either physical or electronic distribution such as email, fax mail etc. Nevertheless, all clients may not receive the material at the same time.
